Accordingly, the Notes are being offered and sold only in bearer form pursuant to the exemption afforded by Regulation S promulgated under the Securities Act solely outside of the United States and solely to non-U.S. persons and in specific reliance upon the representations by each Noteholder that (1) at the time of the offer and sale of the Notes to Noteholder, the Noteholder was not a U.S. Person as defined in Regulation S promulgated under the Securities Act, and (2) at the time of the offer and sale of the Notes to Noteholder and, as of the date of the execution and delivery of the purchasing or subscription agreement by the Noteholder, the Noteholder was outside of the United States. The Notes may not be offered or sold in the United States or to U.S. Persons (as defined in Regulation S) unless the securities are registered under the Securities Act, or an exemption from the registration requirements of the Securities Act is available. The Notes are subject to certain United States tax law requirements.

The following legend will appear on all Temporary or Permanent Global Notes and any Receipts, Coupons or Talons in respect thereof:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE U.S. INTERNAL REVENUE CODE."

The sections of the U.S. Internal Revenue Code referred to in the foregoing legend provide that, with certain exceptions, a United States taxpayer will not be entitled to deduct any loss, and will not be entitled to capital gains treatment in respect of any gain realised, on any sale, disposition or payment of a Note, Receipt, Coupon or Talon for U.S. federal income tax purposes.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), an offer of Notes to the public has not and may not be made in that Relevant Member State.

The Notes are illiquid investments, the purchase of which involves substantial risks. Any investor investing in the Notes should fully consider, understand and appreciate those risks.

PARTICULAR ATTENTION IS DRAWN TO THE SECTION OF THIS SERIES MEMORANDUM HEADED "RISK FACTORS".

Documents incorporated by reference

The Programme Memorandum is incorporated in, and shall be taken to form part of this Series Memorandum. This Series Memorandum must be read and construed in conjunction with the Programme Memorandum and shall be deemed to modify and supersede the contents of such document to the extent that a statement contained herein is inconsistent with such contents.

Risk factors

General

The purchase of the Notes involves substantial risks. Each prospective purchaser of the Notes should be familiar with instruments having characteristics similar to the Notes and should fully understand the terms of the Notes and the nature and extent of its exposure to risk of loss.

Before making an investment decision prospective purchasers of the Notes should conduct such independent investigation and analysis regarding the Issuer, the Charged Assets, the Notes and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. As part of such independent investigation and analysis, prospective purchasers of Notes should consider carefully all the information set forth in this Series Memorandum and in the Programme Memorandum and the considerations set out below.

Investment in the Notes is only suitable for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the information contained in this Series Memorandum and in the Programme Memorandum and the merits and risks of an investment in the Notes in the context of the investor's own financial circumstances and investment objectives.

Investment in the Notes (or a participation therein) is only suitable for investors who:

- (1) are capable of bearing the economic risk of an investment in the Notes (or a participation therein) for a period up to and until the redemption of the Notes;
- (2) are acquiring an interest in the Notes (or a participation therein) for their own account for investment, not with a view to resale, distribution or other disposition of such interest (subject to any applicable law requiring that the disposition of the investor's property be within its control); and
- (3) recognise that it may not be possible to make any transfer of the Notes (or a participation therein) for a substantial period of time, if at all.

Each of the Issuer and the Arranger may, in its discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Each prospective investor should ensure that it fully understands the nature of the transaction into which it is entering and the nature and extent of its exposure to the risk of loss of all or a substantial part of its investment. Attention is drawn, in particular, to the sections of the Programme Memorandum entitled "Conditions of the Notes - Security" and "Conditions of the Notes - Enforcement and Limited Recourse" and the section in this Series Memorandum entitled "Information relating to the Charged Assets".

Risks relating to the Issuer and Transaction Parties

Special purpose company

The Issuer is a special purpose company and has been established for the purpose of issuing multiple Series of secured Notes under the Programme. The Issuer has issued share capital only in the amount of EUR 38,100. Should any unforeseen expenses or liabilities (which have not been provided for) arise, the Issuer may be unable to meet them, leading to an Event of Default under the Notes.

There is no certainty that Noteholders will recover any amounts payable under the Notes. Due to the limited recourse nature of the Notes (see "*Limited recourse*" below), claims in respect of the Notes are limited to the proceeds of enforcement of the Mortgaged Property and after the deduction of any applicable expenses. In addition, if a claim is brought against the Issuer (whether under statute, common law or otherwise) which is not subject to such contractual limited recourse provisions, the only assets available to meet such claim would be the proceeds of the issuance of the Issuer's ordinary shares and any transaction fees (see "*Fees*" below), to the extent any remain as at the date of such claim and are available to meet such claim. The only other assets of the Issuer will be the assets on which each Series is secured, which will be subject to the prior security interests of the relevant Noteholders and any other secured parties under that Series.

Limited recourse

The Notes will be limited recourse obligations of the Issuer secured on the Mortgaged Property (including the Charged Assets) and are not or will not (as the case may be) be obligations or responsibilities of, or guaranteed by, any other person or entity. **For the avoidance of doubt, none of the Trustee, the Arranger, any other Agent appointed by the Issuer or any other person has any obligation to any Noteholder for payment of any amount by the Issuer in respect of the Notes. There is no person that guarantees to Noteholders that they will recover any amounts payable under the Notes.**

The ability of the Issuer to meet its obligations in respect of the Notes will be dependent on the receipt by the Issuer of moneys due to it under the Mortgaged Property (including the Charged Assets comprised therein). The Noteholders shall have no recourse to the Issuer beyond the moneys derived by or on behalf of the Issuer in respect of the Mortgaged Property. To the extent that investment by the Issuer in the Charged Assets held by the Issuer results in such investment being less than the obligations of the Issuer under the Notes, the Issuer will have insufficient funds available to meet its obligations in respect of the Notes. In such event, any shortfall would be borne by the Noteholders in accordance with the priorities specified in the Conditions. See "*Nature of the investment*" below.

For the avoidance of doubt, Notes are not, and do not represent or convey any interest in the Charged Assets nor do they confer on the Noteholder any right (whether in respect of voting, dividend or other distribution) which a holder of any Charged Assets may have had. The Issuer is not an agent of the Noteholder for any purpose.

Liability for the obligations of other Series

The Issuer has undertaken not to incur any obligations with respect to any other Series of Notes unless recourse in respect of such obligations is limited to the proceeds of enforcement of the Security over the assets of the Issuer on which such obligations are secured (which assets shall exclude the Mortgaged Property securing any other Series of Notes). Nevertheless, to the extent there are any creditors with respect to a Series of Notes whose recourse is not so limited Noteholders may be exposed to risks incurred for the account of other Series.

Risks relating to the Notes

Nature of the investment

These Notes are not principal protected and are a high-risk investment in the form of a debt instrument. The Noteholders are neither assured of repayment of the capital invested nor are they assured of payment of a stated rate of interest. The Notes give Noteholders exposure to the Series Assets.

Any payments to be made on the Notes depend on the value of the Charged Assets held by the Issuer, which is the value of the amounts received by the Issuer in respect of the Charged Assets. Should the Charged Assets decrease in value, Noteholders will incur a partial or total loss of their investment.

In certain circumstances, described in the Conditions of the Notes, the Notes will be redeemed early pursuant to a Mandatory Redemption Event, an Additional Mandatory Redemption Event or a redemption event pursuant to Condition 2(c)(A)(1) and Noteholders shall be entitled to receive only such amount as is available following the sale or redemption of the Charged Assets, or a proportion of such Charged Assets, as the case may be, subject to the provisions of the Notes described under "*Limited recourse*" above.

In general, redemption payments to be made on the Notes are calculated with reference to the value of the Charged Assets. However, if and to the extent that the amount payable by the Issuer in accordance with the Notes to the Noteholders is greater than the amount received by the Issuer in respect of the redemption of the Charged Assets, the Noteholder shall be entitled to receive only its *pro rata* share of such amount as is received by the Issuer under the Charged Assets after deduction of any applicable costs and expenses.

Change of law, tax and administrative practice

The structure of the transaction and, inter alia, the issue of the Notes are based on law, tax and administrative practice in effect at the date hereof, and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given that law, tax or administrative practice will not change after the Issue Date or that such change will not adversely impact the structure of the transaction and the treatment of the Notes.

Fees

In addition to the fees due to the Trustee and any Agents, and any other transaction related fees incurred by the Issuer in respect of the issuance of the Notes, the amounts payable under the Notes are based on the performance of the Charged Assets after deduction of certain fees, which is further described in Special Condition (XI) of the Notes. The fees will be applied in calculating the value of the Portfolio and therefore will result in a reduction in the value of the Notes.

In connection with the offer and sale of the Notes, the Arranger or any of its associated companies may, directly or indirectly, pay fees in varying amounts to third parties or, as the case may be, receive fees (including but not limited to distribution fees and retrocessions) in varying amounts, including, from third parties (which may include any Transaction Participants as defined below). Each Noteholder acknowledges that the Arranger or any of its associated companies may retain all or part of such fees.

Foreign exchange risk

The Notes are denominated in USD. The Charged Assets may be denominated in U.S dollars, euro, or any other currencies. The Issuer will effect foreign exchange transactions to convert amounts received in respect of the Charged Assets into USD in order to meet its payment obligations under the Notes. In order to mitigate the foreign exchange risk the Issuer may enter into foreign exchange hedging transactions with such banks and other providers of treasury products ("**Derivatives Counterparties**") as may in the sole discretion of the Issuer be appropriate given the Charged Assets and the obligations of the Issuer under the Notes. Accordingly, the Issuer and the Noteholders may be exposed to credit risk of such Derivatives Counterparties providing foreign exchange hedging to the Issuer.

Optional Redemption by the Noteholder

Noteholders have no right to request the Issuer to redeem the Notes at any time prior to their Scheduled Maturity Date.

Optional Redemption by the Issuer

Investors in the Notes should be aware that the Issuer has the option to redeem any amount of the Notes at their Optional Redemption Amount on the Optional Redemption Payment Date, by giving not less than ten (10) Business Days' prior notice to the Noteholders, the Trustee and the Principal Paying Agent. Such notice may be revoked by the Issuer at any time prior to the Optional Redemption Date.

Optional Redemption by the Arranger

Investors in the Notes should further be aware that the Arranger has the option, without limitation, at any time to redeem any amount of the Notes at their Optional Redemption Amount on the Optional Redemption Payment Date. The Arranger would redeem Notes if it is the holder of such Notes, pursuant to the Conditions of the Notes. While the Arranger may actively become involved in the secondary market in the Notes (if any), such participation would be at the Arranger's sole discretion and the Arranger shall not have any obligation to make a secondary market. See "*Liquidity*" below.

Restrictions on Transfer

The Notes are subject to restrictions on transfer, as described in section "SUBSCRIPTION AND SALE" in the Programme Memorandum and "SELLING RESTRICTIONS" in this Series Memorandum. In particular, the Notes have not been registered under the Securities Act, under any U.S. state securities or "Blue Sky" laws or under the securities laws of any other jurisdiction and are being issued and sold in reliance upon exemptions from registration provided by such laws. No Note may be sold, assigned, participated, pledged or transferred unless such sale, assignment, participation, pledge or transfer (a) is exempt from the registration requirements of the Securities Act (for example, the exemption provided by Rule 144A under the Securities Act or the exemption provided by Regulation S under the Securities Act and applicable state securities laws) and (b) is in compliance with the transfer restrictions and certification requirements described in the section entitled "SUBSCRIPTION AND SALE" in the Programme Memorandum and "SELLING RESTRICTIONS" in this Series Memorandum.

Arranger default

The Notes will be redeemed if the Arranger is dissolved or becomes unable to perform its obligations in relation to the Notes unless a substitute arranger (the "**Substitute Arranger**") is appointed by the Issuer within 90 days of such event.

Payments

Payments under the Notes will only be made after receipt of the Sale Proceeds by the Issuer. The date of payment of the redemption amount under the Notes is therefore not fixed. Payment of redemption amounts under the Notes depends on the liquidation of the Charged Assets. It may take a considerable period of time to redeem the Charged Assets, in particular in the case of a redemption pursuant to Early Redemption. Noteholders may only receive payment of the relevant redemption amount under the Notes significantly later than the specified redemption date of the Notes.

Liquidity

No secondary market for the Notes currently exists. Prospective purchasers of the Notes should therefore recognise that, they may not be able to liquidate their investment in the Notes or transfer the Notes for a substantial period of time, if at all. Investment in the Notes is therefore only suitable for investors who are capable of bearing the economic risk of an investment in the Notes for an indefinite period of time and are not acquiring the Notes with a view to a potential resale, distribution or other disposition at some future date.

Application has been made to list the Notes on the Third Market of the Vienna Stock Exchange. Listing is expected to take place on or about the Issue Date but no assurance can be given that such application will be granted. Even if the Notes are listed, there is no assurance that a secondary trading market or liquidity will develop.

Notwithstanding the foregoing, the Arranger may provide a secondary market with a monthly dealing frequency and monthly purchases and sales by investors. The Arranger will not provide a secondary market in circumstances where the Calculation Agent is unable to calculate the Net Asset Value of the Portfolio for any reason, such as an event of default on the Charged Assets. The Arranger does not have and will not assume any liability, whether legal or otherwise, *vis-à-vis* the Noteholders to provide a market for the Notes or with regard to the level of the applicable prices nor how they are determined. To the extent that the Arranger purchases Notes in a secondary market provided by the Arranger, the Arranger will impose a EUR 500 fee in respect of its administration expenses.

Extended Maturity Date

The term of the Notes may be extended for further periods of up to ten years, provided that, at the request of the Issuer, the Calculation Agent, on behalf of the Issuer, has given a notice (the “**Extension Notice**”) to the Trustee, the Principal Paying Agent and the Noteholders three (3) calendar months prior to the Scheduled Maturity Date or the anniversary thereof in each subsequent year, if applicable, stating that such extension shall take place in respect of the Notes. If no Extension Notice, or no further Extension Notices (if applicable) are delivered by the Calculation Agent, the Notes shall be redeemed on the Scheduled Maturity Date or the anniversary thereof in accordance with the final Extension Notice (such date being the “**Extended Maturity Date**”).

Market and Legal Risk

The Notes will constitute secured, limited recourse obligations of the Issuer, recourse in respect of which will, in effect, be limited to the proceeds of the Mortgaged Property (which principally comprises the Charged Assets) relating to the Notes and no other assets of the Issuer will be available to satisfy claims of Noteholders. The Issuer's obligations to the Noteholders are solely funded by, and primarily secured on, the Charged Assets. Therefore, to the extent that the value of the Charged Assets falls, payment under the Charged Assets is not made, the Charged Assets cannot be sold or if the relevant security arrangements would not be enforceable, a loss of principal under the Notes will result. Noteholders therefore assume the market and legal risk of the Charged Assets.

None of the Transaction Participants (as defined below) nor any affiliate of any of them or other person on their behalf has made any investigation of, or makes any representation or warranty, express or implied, as to the financial or other condition of the Charged Assets.

None of the Issuer, the Arranger, the Trustee, the Principal Paying Agent, the Calculation Agent, the Sale Agent or any other Agent (together, the "**Transaction Participants**") nor any affiliate of any of them (or any person on their behalf) assume any responsibility *vis-à-vis* the Noteholders for the economic success or lack of success of an investment in the Notes, or the performance, the value or terms of the Charged Assets. No Transaction Participant will have any responsibility or duty to make any such investigations, to keep any such matters under review, to provide the Noteholders, or prospective purchasers of the Notes, with any information in relation to such matters or to advise as to the attendant risks.

Independent review and advice

Each prospective purchaser of Notes must determine, based on its own independent review and such legal, financial and tax advice as it deems appropriate under the circumstances, that its acquisition of the Notes (i) is fully consistent with its financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines, authorisations and restrictions (including as to its capacity) applicable to it, (iii) has been duly approved in accordance with all applicable laws and procedures and (iv) is a fit, proper and suitable investment for it, undertaken for a proper purpose.

Legality of purchase

None of the Transaction Participants or any affiliate of any of them or other person on their behalf has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

No reliance

The Transaction Participants and all affiliates of any of them disclaim any responsibility to advise purchasers of the Notes of the risks and investment considerations associated with the purchase of the Notes as they may exist at the date hereof or from time to time hereafter.

No restrictions on activities

Any of the Transaction Participants and any affiliate of any of them or other person on their behalf may have existing or future business relationships (including depository, lending, advisory or any other kind of commercial or investment banking activities or other business) with any of the other Transaction Participants and any affiliate of any of them or other person on their behalf and may purchase, sell or otherwise deal in any assets or obligations of, or relating to, any such party. Any of the Transaction Participants and any affiliate of any of them or other person on their behalf may act with respect to any such business, assets or obligations without regard to any possible consequences for the Issuer, the Notes or any Noteholder (or the impact of any such dealing on the interests of any Noteholder) or otherwise.

Provision of information

Any of the Transaction Participants or any affiliate of any of them or any other person acting on their behalf may at the date hereof or at any time hereafter be in possession of information in relation to the

other Transaction Participants or any affiliate of any of them or any other person acting on their behalf or on behalf of the Charged Assets (which may or may not be publicly available or confidential). None of such persons shall be under any obligation to make any such information available to Noteholders or any other party other than as provided in the Conditions of the Notes.

Taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges, that may be applicable to any payment to it in respect of the Notes. Neither the Issuer nor any other person will pay any additional amounts to the Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes by the Issuer or by the Principal Paying Agent (or any other Paying Agent), although such requirement will give rise to an obligation to redeem the Notes early in the circumstances described in Condition 2 as amended by Special Condition IV of the Conditions of the Notes set out below.

Legal opinions

No legal opinions will be obtained with respect to any applicable laws, including the laws governing the Charged Assets or as to the validity, enforceability or binding nature of the Charged Assets.

Conflict of interests

Any of the Transaction Participants or any affiliate of any of them or any other person acting on their behalf may from time to time, as principal or agent, have positions in, or may buy or sell, or make a market in any securities (including shares in a Transaction Participant), currencies, financial instruments or other assets owned by a Transaction Participant. Any trading and/or hedging activities of Transaction Participants or any affiliate of any of them or any other person acting on their behalf related to this transaction may have an impact on the price of the underlying assets. It should also be noted that FlexFunds Ltd. acts as both the Arranger of the issue of the Notes and as Calculation Agent in respect of the Charged Assets.

Clearing systems

The Notes will be represented by one or more Temporary Global Notes and Permanent Global Notes. Such Global Notes will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Risks relating to the Charged Assets

Investment in Series Assets

The Issuer intends to use the proceeds of the issuance of the Notes to invest in, within 30 days following the Issue Date, ordinary shares of Agricultural Assets Ltd, an exempted company incorporated in the Cayman Islands with limited liability with effect from 3 May 2016. The company's goal is to identify and capture deep value opportunities through investments in agribusinesses globally. The company has established an investment management agreement with IAM Group LLC.

IAM Group LLC, a Delaware limited liability company shall serve as the Investment Manager (the **"Agricultural Assets Ltd Investment Manager"**) of Agricultural Assets Ltd.

Lack of diversification

To the extent that all of the proceeds arising from the issue of the Notes are invested in ordinary shares of Agricultural Assets Ltd, such asset may be more susceptible to a single adverse economic or regulatory occurrence, and lead to greater fluctuations in the value of Notes than may have been the case when investing in a diversified pool of assets.

Security for the Notes

As the Series Assets held in respect of the Notes are held in, and governed by the law of the Cayman Islands, the Issuer will grant security interests over the Charged Assets pursuant to a security instrument governed by the law of the Cayman Islands entered into between the Issuer and the Trustee dated on the date of the purchase of the relevant Charged Assets. The Issuer will also grant security interests over the Mortgaged Property pursuant to the Trust Deed. See "Description in relation to the Security Arrangements in respect of the Notes" below.

Redemption and transfer of the Charged Assets

Realisation of the Charged Assets may in certain circumstances be deferred in accordance with their relevant terms. The period of deferral may be significant. Therefore in certain circumstances, including where the Security for the Notes (and any Further Notes) becomes enforceable, there may be a significant delay in payments under the Notes and/or it may be impossible to transfer the Charged Assets as a means of realising their value.

Security may be declared invalid

The Issuer will grant security interests in favour of the Trustee for itself and for the benefit of the Noteholders in the Mortgaged Property pursuant to the Trust Deed. However, if the security interest of the Trustee in the Mortgaged Property was determined to be invalid or unperfected, Noteholders would be unsecured creditors and would rank on a *pari passu* basis with other unsecured creditors (if any) of the Issuer. Each of the foregoing factors may delay or reduce investors' return on their Notes and investors may suffer a loss (including a total loss) on their investment.

Not a bank deposit

Any investment in the Notes does not have the status of a bank deposit in Ireland and is not within the scope of the deposit protection scheme operated by the Central Bank of Ireland. The Issuer is not regulated by the Central Bank of Ireland by virtue of the issue of the Notes.

AS WITH ANY INVESTMENT YOU COULD LOSE ALL OR PART OF YOUR INVESTMENT IN THE NOTES AND THE NOTES' PERFORMANCE COULD TRAIL THAT OF OTHER INVESTMENTS. YOUR ATTENTION IS DRAWN TO THE AGRICULTURAL ASSETS PRIVATE OFFERING MEMORANDUM AS DEFINED BELOW AND ATTACHED AS APPENDIX OR APPENDIXES TO THIS SERIES MEMORANDUM. IN PARTICULAR PROSPECTIVE INVESTORS SHOULD NOTE THE SECTION OF THE AGRICULTURAL ASSETS PRIVATE OFFERING MEMORANDUM ENTITLED "RISKS RELATED TO THE COMPANY'S BUSINESS". PROSPECTIVE INVESTORS SHOULD NOT INVEST IN THE NOTES WITHOUT TAKING INDEPENDENT ADVICE ON THE RISKS SET OUT THEREIN.

THE CONSIDERATIONS SET OUT ABOVE ARE NOT, AND ARE NOT INTENDED TO BE, A COMPREHENSIVE LIST OF ALL CONSIDERATIONS RELEVANT TO A DECISION TO PURCHASE OR HOLD ANY NOTES. THE ATTENTION OF INVESTORS IS ALSO DRAWN TO THE SECTIONS HEADED "RISK FACTORS" IN THE PROGRAMME MEMORANDUM.

The Issuer has absolute discretion to designate which part of the Series Assets to select in order to fulfil its obligations pursuant to Condition 2(g) as hereby amended.

(IX) **The Trustee**

The Trustee shall not be responsible for, or be obliged to monitor or verify or investigate:

- (A) the performance, operation or calculation of the Portfolio or other element of the calculation thereof but shall be entitled to rely absolutely on any calculation thereof by the Calculation Agent;
- (B) the performance, operations or financial condition of the Portfolio or the terms of the Charged Assets or the calculation of amounts payable in respect thereof;
- (C) the performance by the Issuer of any agreement relating to, or in connection with, the Portfolio and shall be entitled to assume that the Issuer is in compliance with the terms thereof unless and until expressly notified to the contrary in writing by the Issuer or the Calculation Agent;

The Sale Agent may sell or procure the sale or other means of realisation of the Charged Assets in such manner and to and/or involving such person as it thinks fit and shall be entitled to sell and procure the sale or other means of realisation of the Charged Assets at such price in its sole discretion. The Sale Agent shall not be responsible or liable for any failure to sell or realise the Charged Assets or any delay in doing so nor for any loss suffered or incurred by any person as a result of their sale or other means of realisation.

(XI) **Fees**

The Issuer will incur fees in relation to the issuance of the Notes and it is intended that these shall be satisfied in full by direct payment by IAM Group LLC or Agricultural Assets Ltd. The payment of these fees will have an impact on the value of the Charged Assets which will consequently reduce the value of the Notes.

In the event that IAM Group LLC or Agricultural Assets Ltd fails to make such payments the fees will be deducted from the Portfolio when determining the Redemption Amount. Such fees will include, but shall not be limited to:

(A) any fees, costs and expenses payable by the Issuer which are directly attributable to the Notes, including:

- (1) costs incurred in connection with the issuance, listing, clearing of the Notes and/or the performance of obligations in relation thereto;
- (2) any commissions, fees, costs and expenses payable by the Issuer pursuant to the Constituting Instrument and the Series Documents as defined therein;
- (3) any fees, costs and expenses of the administrator of the Issuer payable by the Issuer or the Arranger in respect of the Notes; and
- (4) any legal fees and disbursements payable by the Issuer, the Arranger or the Trustee to Mason Hayes & Curran or to A&L Goodbody or any other legal advisers to the Issuer, Arranger or Trustee in respect of the issuance of the Notes; and

Unless the fees described above are met in full by IAM Group LLC or Agricultural Assets Ltd., any amounts payable under the Notes are based on the performance of the Charged Assets net of such fees. In such case such fees will be applied in calculating the value of the Portfolio and therefore will result in a reduction in value of the Notes.

Estimated fees include administration fees estimated at €8,300 (euro) per year.

1) Fees payable in respect of the underlying investment

Investors in the Notes should take note of the fees payable to IAM Group LLC (or its designee) and any other fees payable in respect of the underlying investment. (XII) Interest

The Interest Determination Date shall be any Business Day at the discretion of the Arranger, the Calculation Agent or the Issuer. On the Interest Determination Date the Calculation Agent shall calculate the amount of Interest owing on the Notes and shall inform the Trustee, Paying Agent and Issuer of the amount payable and interest shall be paid in accordance with the Conditions and the Agency Agreement.

(XIII) **Extended Maturity Date**

The term of the Notes may be extended for further periods of up to ten (10) years, provided that, at the request of the Issuer, the Calculation Agent, on behalf of the Issuer, has given a notice (the “**Extension Notice**”) to the Trustee, the Principal Paying Agent and the Noteholders three (3) calendar months prior to the Scheduled Maturity Date or the anniversary thereof in each subsequent year, if applicable, stating that such extension shall take place in respect of the Notes. If no Extension Notice, or no further Extension Notices (if applicable) are delivered by the Calculation Agent, the Notes shall be redeemed on the Scheduled Maturity Date or on the date stated in the final Extension Notice (such date being the “**Extended Maturity Date**”).

Description of security arrangements in respect of the Notes

Introduction

The Notes will be secured, limited recourse obligations of the Issuer. The purpose of this section is to provide further information in respect of these important features of the Notes, which are included in the Conditions. However, the following description is a summary only of certain aspects of the security arrangements and is subject in all respects to the terms of the Trust Deed and the Conditions of the Notes, of which Noteholders are deemed to have notice and by which they are bound.

The Issuer will, pursuant to the provisions of the Trust Deed, grant the Security described below to the Trustee as continuing security for the payment of all sums due under the Trust Deed and the Notes. The Trustee shall hold such Security on behalf of itself, the Agents and the Noteholders.

Security arrangements

The Notes will be secured by a charge over the Series Assets.

Under the Trust Deed, as amended by the terms of the Constituting Instrument, the Issuer, in favour of the Trustee for itself and as trustee for the Secured Parties, and as continuing Security, will:

- (A) assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights, title, benefit and interest in, to and under the Series Assets;
- (B) charge by way of fixed charge and assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights, title, benefit and interest in and to all funds and any other assets now or thereafter standing to the credit of the account of the Principal Paying Agent in respect of the Notes, the Further Notes and the debts represented by such moneys;
- (C) assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights, title, benefit and interest in, to and under the Agency Agreement and the Placing Agreement and all sums and any other assets derived therefrom; and
- (D) charge by way of fixed charge and assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights with respect to (a) the Charged Assets and (b) any moneys and/or assets received in respect of such Charged Assets,

in each case on terms that the Trustee shall hold the proceeds of such Security for itself and on trust for itself, and the Secured Parties (and the holders of any Further Notes in accordance with the terms of the Trust Deed).

Charging Instrument

Pursuant to the Charging Instrument the Issuer will grant a security interest governed by the law of the Cayman Islands over the Charged Assets obtained with the net proceeds of the issue of the Notes and all rights of the Issuer derived from or connected to the Charged Assets as security in favour of the Trustee for itself and as trustee for the Secured Parties.

Enforcement of the Mortgaged Property

The Mortgaged Property may become enforceable if the Notes or any of them have become due and repayable (for example, due to acceleration following the occurrence of a Tax Event, Mandatory Redemption Event, Additional Mandatory Redemption Event or an Event of Default) and have not been repaid.

In such circumstances the Trustee may at its discretion, and upon being indemnified, secured and/or prefunded to its satisfaction and shall if so requested or directed by the relevant parties (as more fully described in Condition 7), realise the Charged Assets. In realising the Charged Assets the Trustee may, but shall not be obliged to, procure the sale of the Charged Assets or may request the redemption of the Charged Assets.

Priority of claims and potential for insufficient security on sale of Charged Assets and/or on enforcement

In the event that any Charged Assets are required to be sold pursuant to the Conditions or the Security constituted by the Trust Deed; the Constituting Instrument and the Charging Instrument becomes enforceable in accordance with the Conditions, the net sums realised could be insufficient to pay all the amounts due to the Noteholders under the Notes. The sums realised from any such sale of the Charged Assets will be subject to deduction of the costs and expenses associated with such sale. In addition, all costs and expenses incurred by the Trustee in enforcing the Security (including any costs of a receiver or similar official) and amounts due to the Agents will be deducted from the proceeds of such enforcement before such proceeds are paid to the Noteholders. After taking action to enforce the Security as provided in the Conditions, the Trustee shall not be entitled to take any further steps against the Issuer to recover any sum still unpaid and no debt shall be owed by the Issuer in respect of such sum. In particular, no Agent or Noteholder may petition or take any other step for the winding-up of the Issuer nor shall any of them have any claim in respect of any sum over or in respect of any assets of the Issuer which are security for any other liability of the Issuer.

Limited recourse provisions

The Trustee, the Agents and the Noteholders (in each case to the extent that their claims are secured) shall have recourse only to the Mortgaged Property. If, the Trustee having realised the Mortgaged Property, the proceeds thereof are insufficient for the Issuer to make all payments then due to all such parties, the obligations of the Issuer will be limited to such proceeds of realisation of the Mortgaged Property and no other assets of the Issuer will be available to meet such shortfall; the Trustee, the Agents, the Noteholders or anyone acting on behalf of any of them shall not be entitled to take any further steps against the Issuer to recover any further sum and no debt shall be owed to any such persons by the Issuer. The Trustee and the Agents, shall rank prior to the Noteholders in the application of all moneys received in connection with the realisation or enforcement of the Security. In particular, none of the Trustee and the Agents or any holder of the Notes may petition or take any other step for the winding-up of the Issuer, and none of them shall have any claim in respect of any sum arising in respect of the Mortgaged Property for any other Series.

Section 5. Information Regarding Forward-Looking Statements. This Offering Memo and other information, if any, provided to the Purchaser by the Company, contains forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forward-looking statement. Forward-looking statements relate to matters which include, but are not limited to:

- the ability of the Company and its subsidiaries to implement their business strategies;
- the ability of the Company and its subsidiaries to operate and expand their businesses;
- the capabilities of the Company and its subsidiaries; and
- the impact of competitors, the current circumstances in the industry in which the Company and its subsidiaries operate and general economic factors.

All statements other than statements of historical fact are “forward-looking statements,” including any projections of earnings, revenues or other financial items, any statements of the plans and objectives of management for future operations, any statements regarding future economic conditions or performance and any statement of assumptions underlying any of the foregoing. Some forward-looking statements may be identified by the use of such terms as “expects,” “will,” “anticipates,” “estimates,” “believes,” “plans” and words of similar meaning. These forward-looking statements relate to business plans, programs, trends, results of future operations, satisfaction of future cash requirements, funding of future growth, acquisition plans and other matters. In light of the risks and uncertainties inherent in all such projected matters, the inclusion of forward-looking statements in this Offering Memo should not be regarded as a representation by the Company or any other Person that the Company’s objectives or plans will be achieved or that the Company’s operating expectations will be realized. Actual results could differ from those projected in any forward-looking statements.

These forward-looking statements reflect the Company’s current views with respect to future events and are based on assumptions and subject to risks and uncertainties, not all of which may be specifically delineated or recognized. Although management believes that the expectations reflected in any forward-looking statements are reasonable, the Company does not guarantee future results, events, levels of activity, results of operations, or achievements. Given these uncertainties, you should not place undue reliance on these forward-looking statements. For a discussion of these factors and others, please see “Risk Factors” below. All forward-looking statements attributable to the Company are expressly qualified in their entirety by such language, and the Company is not obligated, and does not intend, to update any forward-looking statements at any time unless an update is required by applicable securities laws. Also, these forward-looking statements represent the Company’s estimates and assumptions only as of the date of this Offering Memo and should not be relied upon in making an investment in the Company.

Section 6. U.S. Federal Income Tax Considerations. This Offering Memo does not discuss any material U.S. federal, state, local or foreign income tax considerations relevant to the purchase, ownership and disposition of the Shares by U.S. and non-U.S. investors. Prospective non-U.S. investors should be aware that they may be subject to complex U.S. income tax, withholding tax, and compliance rules. Prospective Purchasers

are strongly urged to consult their own tax advisors as to the particular tax consequences to that Purchaser of acquiring, holding and disposing of the Shares, including the applicability and effect of any U.S., state, local or foreign tax laws and recent changes in applicable tax laws.

Section 7. Risk Factors. *An investment in the Shares is speculative and involves a high degree of risk and should only be considered by prospective investors who have no need for liquidity in their investment. The risk factors set forth in this Offering Memo are not intended to be an exhaustive list of the general or specific risks involved, but to identify certain risks that the Company currently foresees. The Purchaser should carefully consider all information contained herein and should give particular consideration to such risk factors before deciding to purchase the Shares offered hereby. Additional risks and uncertainties that are not yet identified or that the Company currently considers to be immaterial may also materially adversely affect the Company's business and financial condition in the future. Any of the risks described herein could materially adversely affect the Company and could result in a complete loss of an investment in the Shares. This Offering Memo is qualified in its entirety by these risk factors.*

Risks Related to the Company's Business

We cannot predict our success.

We believe that the rapidly changing market in which the Company and its subsidiaries operate makes it impossible to predict the extent of our overall success. The Company and its subsidiaries may never be able to achieve favorable operating results or profitability or generate sufficient cash flow to support its business internally and to make distributions to its shareholders.

Our financial condition and results of operations will significantly rely on the Board of Directors.

Purchasers hereunder will have limited control over or influence in the management of the Company, which will be under the substantial control of the Board of Directors. The initial member of the Board of Directors shall be IA Capital Structures (Ireland) Plc, the current shareholder of the Company. Successful operations and investments of the Company's business will be dependent in major part upon the operating and management skills of the Board of Directors. The loss of the services of the Manager, would have a material adverse impact on the Company's ability to realize its objectives which may adversely affect the Company's financial condition and results of operations.

The Company may not be able to raise capital as needed to maintain its operations.

The Company may need to raise additional funds to support all of its strategies. Additional financing may not be available to the Company on favorable terms, if at all. If the Company or its subsidiaries cannot raise needed funds on acceptable terms, it may not be able to develop its business, take advantage of future opportunities or respond to competitive pressures or unanticipated requirements, which could seriously harm its business, financial condition and results of operations and, as a result, adversely affect its investments in agribusinesses globally.

In addition, the Company's actual funding requirements may be greater than anticipated if certain assumptions turn out to be incorrect. Therefore, you should consider the Company's estimates in light of the following facts:

- the estimated funding requirements may not reflect sufficient contingency amounts and may increase, perhaps substantially, if the Company is unable to generate revenues in the amount and within the time frame expected or if the Company has unexpected cost increases; and
- the Company faces many challenges and risks, including those discussed elsewhere in this Offering Memo.

The pro forma assumptions made in the Investment Summary are subject to numerous risks and uncertainties and are inherently speculative and subject to change.

Each prospective Purchaser has been provided financial forecasts that are based on the Company's estimates of future financial performance. The financial forecasts were prepared by the Company's Investment Manager and are based upon a number of estimates and assumptions that, while considered reasonable by us, are inherently subject to significant business, economic, competitive and regulatory uncertainties and contingencies, many of which are beyond our control and the control of the Company and its subsidiaries, and are based upon assumptions with respect to future business decisions which are subject to change. Many of the factors affecting the financial forecasts are impossible to predict with certainty and, as such, are outside our ability to control. We make no representation or warranty as to the accuracy of the financial forecasts.

The financial forecasts constitute "forward looking statements", all of which are subject to risk and uncertainties. You must carefully consider any such statement and should understand that many factors could cause actual results to differ from our forward-looking statements. Factors that might cause such a difference include, without limitation, decline in the price of cattle (or other related soft commodities), unusually high mortality rates, lower-than-expected weight gains of cattle, insufficient land, lower supply and demand characteristics in the markets of operation and, more broadly, the effect of general economic conditions, factors affecting cattle sales and other risks and uncertainties referred to in this document. These factors also could include inaccurate assumptions and a broad variety of other risk and uncertainties, including some that are known and some that are not. No forward looking statement can be guaranteed and actual future results may vary materially.

Our performance and the value of our investments are subject to changes in supply and demand pricing inherent to our agribusiness operations globally.

Our agricultural products are subject to supply and demand pricing which is not predictable. Agricultural operations will provide almost all of our operating revenues with the purchase and sale of breeding cattle being initially the largest portion. According to public data, demand for beef has increased steadily over the last decade which has consequently had a positive impact in the price of cattle. However, there can be no assurance that prices will not decrease materially if the demand were to decline or any other negative factor affecting prices were to present itself. Additionally, a negative correlation between the purchase and the sale price of cattle could negatively impact our margins. Further, we are unable to predict with certainty the final price we will receive for our products.

Excessive supplies tend to cause severe price competition and lower prices for the commodity affected. Limited supply of certain agricultural commodities due to world and domestic market conditions can cause commodity prices to materially decrease or rise in certain situations. As a result, our profitability may be subject to significant variability.

We are subject to the risk of product contamination and product liability claims.

The sale of agricultural products for human consumption involves the risk of injury to consumers. Such injuries may result from tampering by unauthorized third parties, product contamination or spoilage, including the presence of foreign objects, substances, chemicals,

other agents, or residues introduced during the growing, storage, handling or transportation phases. While we are subject to governmental inspection and regulations and believe our facilities comply in all material respects with all applicable laws and regulations, we cannot be sure that our agricultural products will not cause a health-related illness in the future or that we will not be subject to claims or lawsuits relating to such matters. Even if a product liability claim is unsuccessful or is not fully pursued, the negative publicity surrounding any assertion that our products caused illness or injury could adversely affect our reputation with existing and potential customers and our corporate and brand image.

Liability for the use of pesticides, herbicides and other potentially hazardous substances could increase our costs.

Our agricultural business involves the use of herbicides, fertilizers and pesticides, some of which may be considered hazardous or toxic substances. We may be deemed liable and have to pay for the costs or damages associated with the improper application, accidental release or the use or misuse of such substances. Our insurance may not be adequate to cover such costs or damages, or may not continue to be available at a price or under terms that are satisfactory to us. In such cases, if we are required to pay significant costs or damages, it could materially adversely affect our business, results of operations and financial condition.

Changes in general economic and business conditions, internationally, nationally and in the markets in which our subsidiaries are located, could have an adverse effect on our business, financial condition or results of operations.

Our operating results may be subject to factors which are outside of our control, including changes in general economic, regulatory and business conditions, internationally, nationally and in the market in which our subsidiaries are located. Such factors could have a material adverse effect on our business, financial condition or results of operations.

In addition, disruptions in the credit and financial markets, declines in consumer confidence, increases in unemployment, declines in economic growth and uncertainty about corporate earnings could have a significant negative impact on the U.S. and global financial and credit markets and the overall economy. Such events could have an adverse impact on financial institutions resulting in limited access to capital and credit for many companies. Furthermore, economic uncertainties make it very difficult to accurately forecast and plan future business activities. Changes in economic conditions, changes in financial markets, deterioration in the capital markets or other factors could have an adverse effect on the financial position, revenues, results of operations and cash flows of our subsidiaries and, as a result, the Company.

Emerging Market Risk.

The Company is expected to make investments and operate in emerging market countries, including but not limited to Brazil, Chile, Colombia, Mexico, Peru, Uruguay, Ecuador, Argentina, Paraguay and Costa Rica. The Company's investment in an emerging market country may be subject to a greater risk of loss than investments in developed markets.

We rely on qualified, key executive management personnel and regional operating partners.

The success of our business will also depend on our ability to retain qualified key executive management personnel and operating partners in those markets in which we operate. Competition for qualified personnel in the agribusiness industry is intense. Ability to find reliable operating partners in certain markets may be limited. If we are unable to retain qualified personnel or reliable operating partners, our business could suffer. In addition, our management may not be able to oversee remote operations effectively, or to effectively implement our operating strategy, and any failure to do so could have a material adverse effect on our business.

Currency Risk.

Our business conducts operations in foreign currencies and, as such, will be exposed to currency risks.

Currency prices may be highly volatile. Price movements for currencies are influenced by, among other things: changing supply and demand; trade, fiscal, monetary, and exchange control policies of governments; U.S. and foreign political and economic events; changes in national and international interest rates and inflation; currency devaluation; and sentiment of the marketplace. None of these factors can be controlled by the Company, and no assurance can be given to Purchasers that the Company will not incur losses from such events.

Risks Related to an Investment in the Shares

There is no public market for our securities.

We cannot assure you that a public offering will occur in the future or that a public market for our securities will develop. We have not registered the sale of the Shares under the Securities Act or the securities laws of any state or other jurisdiction. The Shares are highly illiquid, have no current or anticipated future public market and are not transferable except in accordance with the Securities Act. You may be required to retain the investment in our securities indefinitely. Each Purchaser of the Shares is required to represent that the Shares are being acquired for their own account, for investment purposes only, and not with a view to resale. Consequently, the Shares may not be resold or otherwise transferred unless they are subsequently registered under applicable securities laws or an exemption therefrom is available. In view of these and other limitations to the transfer of the Shares as described herein, the Shares should be considered an illiquid investment which may need to be held indefinitely.

Furthermore, because of the adverse tax implications that may result from the ownership of the Shares by a U.S. Person, investors may not sell, assign, convey, pledge, encumber, transfer or otherwise dispose of the Shares to any U.S. Person or to any person who may or intends to become a U.S. Person during the period in which they will own the Shares. Accordingly, any Purchaser may not be able to liquidate his, her or its investment in the Company in the event of an emergency or for any other reasons, and the Shares may not be acceptable as collateral for loans. Limitations on the transfer of the Shares may also adversely affect the price that a Purchaser might be able to obtain for the Shares in a private sale.

Section 8. Indemnification. When entering into The Agreement, The Purchaser will agree to indemnify and hold harmless the Company, the Investment Manager, its officers, directors and affiliates from and against all damages, losses, costs and expenses (including reasonable attorney's fees) which they may incur by reason of the failure of the Purchaser to fulfill any of the terms or conditions of the Agreement or by reason of breach of any of the covenants, agreements, representations and warranties made by the Purchaser. The Company will agree to indemnify and hold harmless the Purchaser from and against all damages, losses, costs and expenses (including reasonable attorney's fees) which they may incur by reason of the failure of the Company to fulfill any of the terms or conditions of the Agreement or by reason of breach of any of the covenants, agreements, representations and warranties made by the Company.

Section 9. Miscellaneous. The headings in this Offering Memo are for the purpose of reference only and shall not limit or otherwise affect the meaning hereof. All pronouns and any variation thereof shall be deemed to refer to masculine, feminine, or neuter, singular or plural, as the identity of the person or persons may require.
